

Banner Ups **TigerTape**[®] is a double coated polyester (PET) carrier film (.0005”) coated on both sides with a high deposition of a high tack acrylic pressure sensitive adhesive (PSA). A high-performance banner hem tape specifically designed for the most demanding bonding applications, TigerTape[®] provides a permanent bond on foams, plastics, metals, and composite materials subjected to a broad range of environmental conditions.

TigerTape[®] is highly UV, temperature, and plasticizer resistant making it ideal for banner hemming applications.

- Double-sided banner hem tape
- Premium grade adhesive
- Economically priced

Banner Ups[®] **MegaTape** is a double sided Banner Hem reinforcing tape that is made of a super strong film. Now with a new clear film, MegaTape banner hem tape is even stronger than our original product – 10% stronger in both lab tensile tests and wind tunnel test. Improved MegaTape banner hem tape withstood winds up to 108 MPH!! Use MegaTape when ultimate banner strength is required.

- Clear film is less visible / more attractive when used in Mesh Banners
- Even greater strength than traditional PowerTape[®] (withstood winds of 108+MPH in wind tunnel tests!) banner hem tape
- Produces a fold-finished banner edge for customers who prefer that look
- Easy to apply banner hem tape. Wears like steel!
- Much cleaner appearance and twice as strong as ordinary double-sided banner hem tape

Banner Ups[®] **PowerTape** is a single sided Banner Hem tape that is made of a super strong film. Unlike ordinary double sided banner hem tape, there is no need to fold a hem in the media to reinforce banner edges. Just apply Banner Up Tabs on the corners, the simply strip the tape along the top and bottom edge of the back of the banner, then punch holes through the tape, tabs and media with a Banner Ups.

- Use PowerTape[®] to create a super strong banner of any length
- Single-sided super strong film. No need to fold hem
- Duplicates the strength of folded hem and double-sided banner tape, but eliminates the hassle!
- Eliminate the risk of damage to image by post-print sewing
- Create a perfectly sharp digital banner. No rippled hem
- Fabricate a mighty banner in only 3 minutes!
