

## 18 oz. BLOCKOUT Double Sided 1000 Denier Smooth Banner

Top Value Fabrics 18 oz. BLOCKOUT Double Sided 1000 Denier Smooth Banner is a reinforced laminated banner material manufactured with extremely strong blockout polyester scrim. It is engineered to achieve 100% opacity to block images from the display surface and to prevent image washout due to lighting behind the sign.

This product is the best choice for long-term outdoor pole banners and double sided banners where there is exposure to a harsh environment. The super smooth finish is ideal for use in high-end display applications or for closer viewing distance. If a super smooth finish is not needed, ask about our 18 oz. BLOCKOUT Double Sided 1000 Denier Banner for a more economical media choice.

Characteristic	Test Method	Specification
Support Cloth		Polyester
Type of Coating		PVC
