

SilkScape™

SilkScape™ is an economical, opaque banner material made of multi-layer polypropylene film. It has a satin matte finish with a single-sided, print receptive coating, and its curl-resistant properties allow for graphics to be vertically displayed without fraying. This media is compatible with (eco) solvent, latex and UV printers. SilkScape™ is an ideal choice when combined with any of our retractable banner stands.

- IDEAL FOR RETRACTABLE BANNER STANDS OR POP-UP DISPLAYS.
- AN EXCELLENT CHOICE FOR INTERIOR RETAIL GRAPHICS
- RECOMMENDED FOR APPLICATIONS WHERE A BLOCKOUT OR SEMI-RIGID FILM IS REQUIRED.

SilkScape™ is an 8 mil (200µ) blackout banner media made of multi-layer white PP film. It has a satin matte finish with a single-sided, print receptive coating. This light-blocking print media is dimensionally stable and has curl-resistant properties that allow for graphics to be vertically displayed without edge fray. SilkScape™ is also tear-resistant and has 99%+ opacity.

- IDEAL FOR RETRACTABLE BANNER STAND GRAPHICS AS WELL AS INDOOR OR OUTDOOR SIGNAGE
