FLEXIBLE & RIGID PRINT MEDIA

endura® stick-p wide format

Latex-saturated and Wet Strength Paper

Endura® Stick-P is a bright white cellulose based, latex saturated digital graphics print media, manufactured with a permanent pressure sensitive adhesive. Endura® Stick-P is an economical, environmentally responsible alternative to pressure sensitive vinyl. Endura® Stick-P is saturated for durable indoor and temporary outdoor use.

Endura® Stick-P will not shrink when printed using solvent inkjet inks, allowing for full bleed printing.

- Bright white
- FSC® certified
- Permanent pressure sensitive adhesive
- Recyclable and PVC free

Installations Options:

Endura® Stick-P is easy to apply large graphics to rigid boards, for many types of display graphics applications.

Handling Tips:

Because every wall surface and substrate varies, NEENAH encourages print service providers to fully test surface before using Endura® Stick-P in production and application.

Decorative
(WALL DECOR / MURALS)

APPLICATIONS:

Wall decor and murals
Indoor POP
Trade show displays

PRINTABILITY:

Eco-solvent / Solvent
Latex
UV
Offset/Screen

PRODUCT SAFETY:

PVC FREE- Phthalate, Lead, Cadmium, and Heavy Metal Free

Contains No - IARC Group 1 Carcinogens (International Agency on the Research of Cancer)

Contains No - OSHA Regulated Toxic Metal or Carcinogens

Contains No - USEPA Toxic Release Inventory Substances (Complete USEPA toxic chemical list, including persistent, bio- accumulative and toxic substances or PBT's)

Complies with European REACH Standards.

We all know paper prints better than plastic!

It's also more widely recycled. Our paper-based portfolio provides a sustainable option, with many post-consumer options available as well.
